

## **Quality Policy**

Our commitment in ABT Manufacturing Services is to offer manufacturing services and machining metallic and plastic parts like cutting and bending for different industries. Also, we work towards the standards of quality, safety, health, and environmental care. As well as to satisfy the needs and exceed the expectations of the client.

We recognize the competency of our personnel and the resources optimization are key to achieving business profitability, development and the well-being of our collaborators. For this reason, we assume responsibility for the implementation of a comprehensive management system in terms of quality, environment, safety and health at work, for which we commit to the following commitments:

- Supply quality services.
- Compliance with customer requirements, legal, statutory and other requirements.
- To identify the environmental aspects of our processes to prevent pollution and protect the environment.
- Provide safe and healthy working conditions for the prevention of injuries and deterioration of health related to work activities through the elimination of hazards and the reduction of risks for the safety and health of our workers.
- Prioritize the consultation and participation of workers, as well as their representatives.
- Standardize, make efficient and continually improve IMS processes.
- Establish, comply and monitor IMS objectives.
